Assembly Instructions – Gazebo Stabilisation Kit

1. Place the ring under the leg and adjust the position.

2. Attach both poles to the ring with 1 screw.

3. Bring the poles up towards the roof and drill a small hole through the inside of the gazebo.

4. Secure the poles with 1 screw.

5. Tighten the 2 screws on the ring.

6. Hold the rectangular piece up against the inside of the leg and then drill 4 small holes as shown.

7. Install the piece with 4 screws.
